

# KEEP CALM AND CONSULT ON LOCAL PLAN

HARLOW AND PANNAL ASH RESIDENTS ASSOCIATION

We are pleased to confirm that your local residents' association is being refreshed with an extended remit. The association now covers a very wide area from Harlow Carr to Arthurs Avenue to Rossett Green Lane and to Castle Hill and Whinney Lane.

The immediate purpose of the group will be to comment on the new local plan that could see over **2600** new houses within the represented area.

The association knows that that the current infrastructure will not cope with the demand and is asking the council to consider more appropriate alternative sites.

Apart from the obvious road issues there are also concerns about public transport, schools, water pressure & electricity supply which are all known issues.

Full details of plans are available on the council web site via <http://consult.harrogate.gov.uk/>

If interested please sign up to our newsletter at <http://hapara.org> where more details are available.
