

Otley Road Sustainable Transport Package

Melisa Burnham, Area Manager

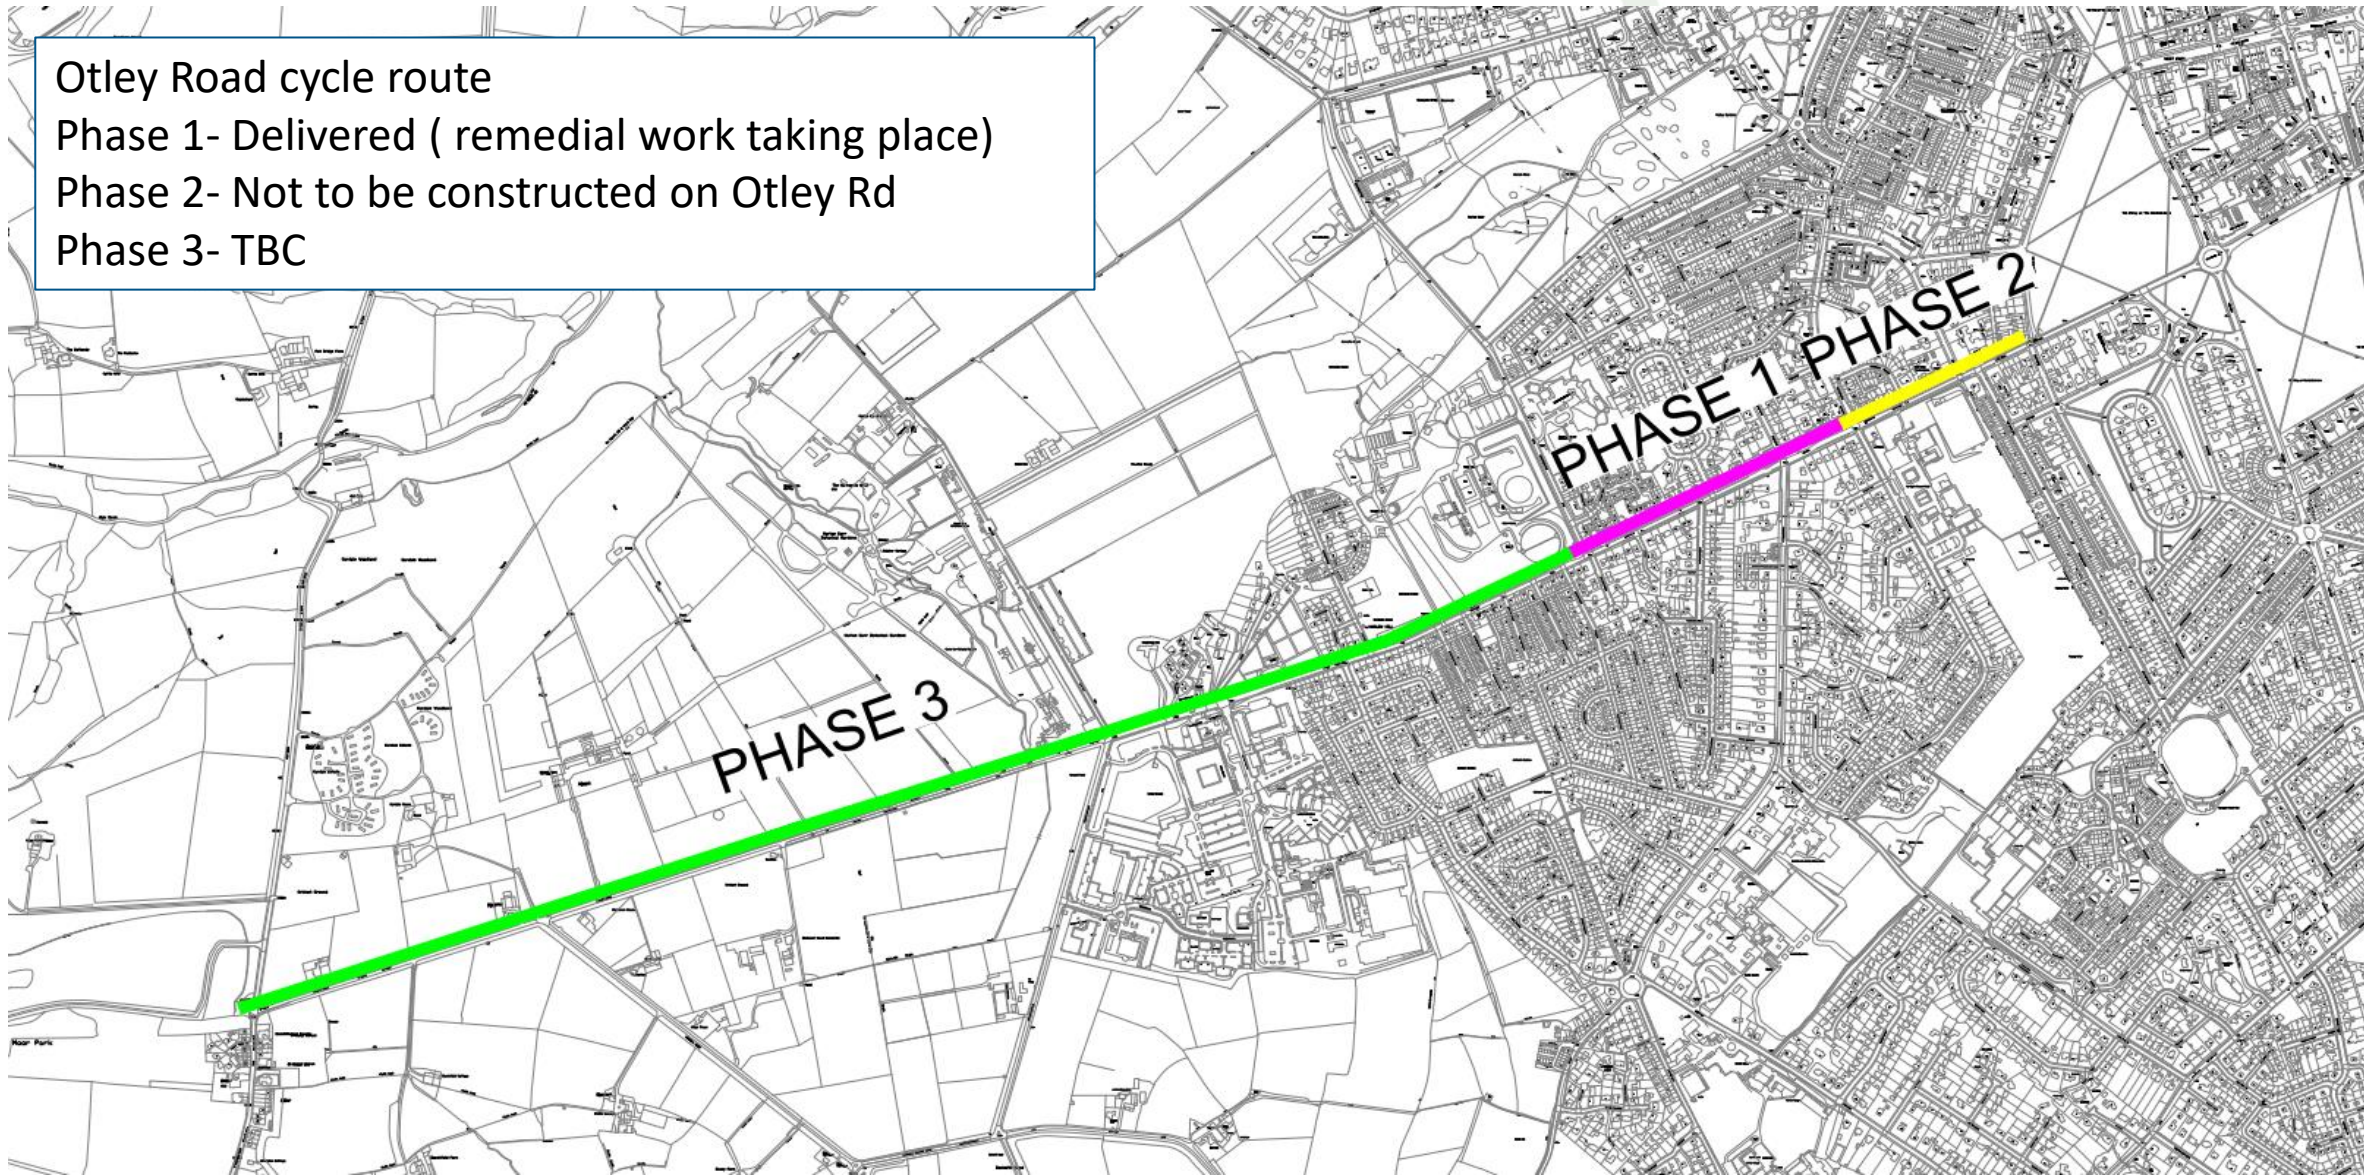

Heather Yendall, Improvement Manager

Chris Blackburn, Highways Customer Communication Officer

What is the Otley Road Sustainable Transport Package?

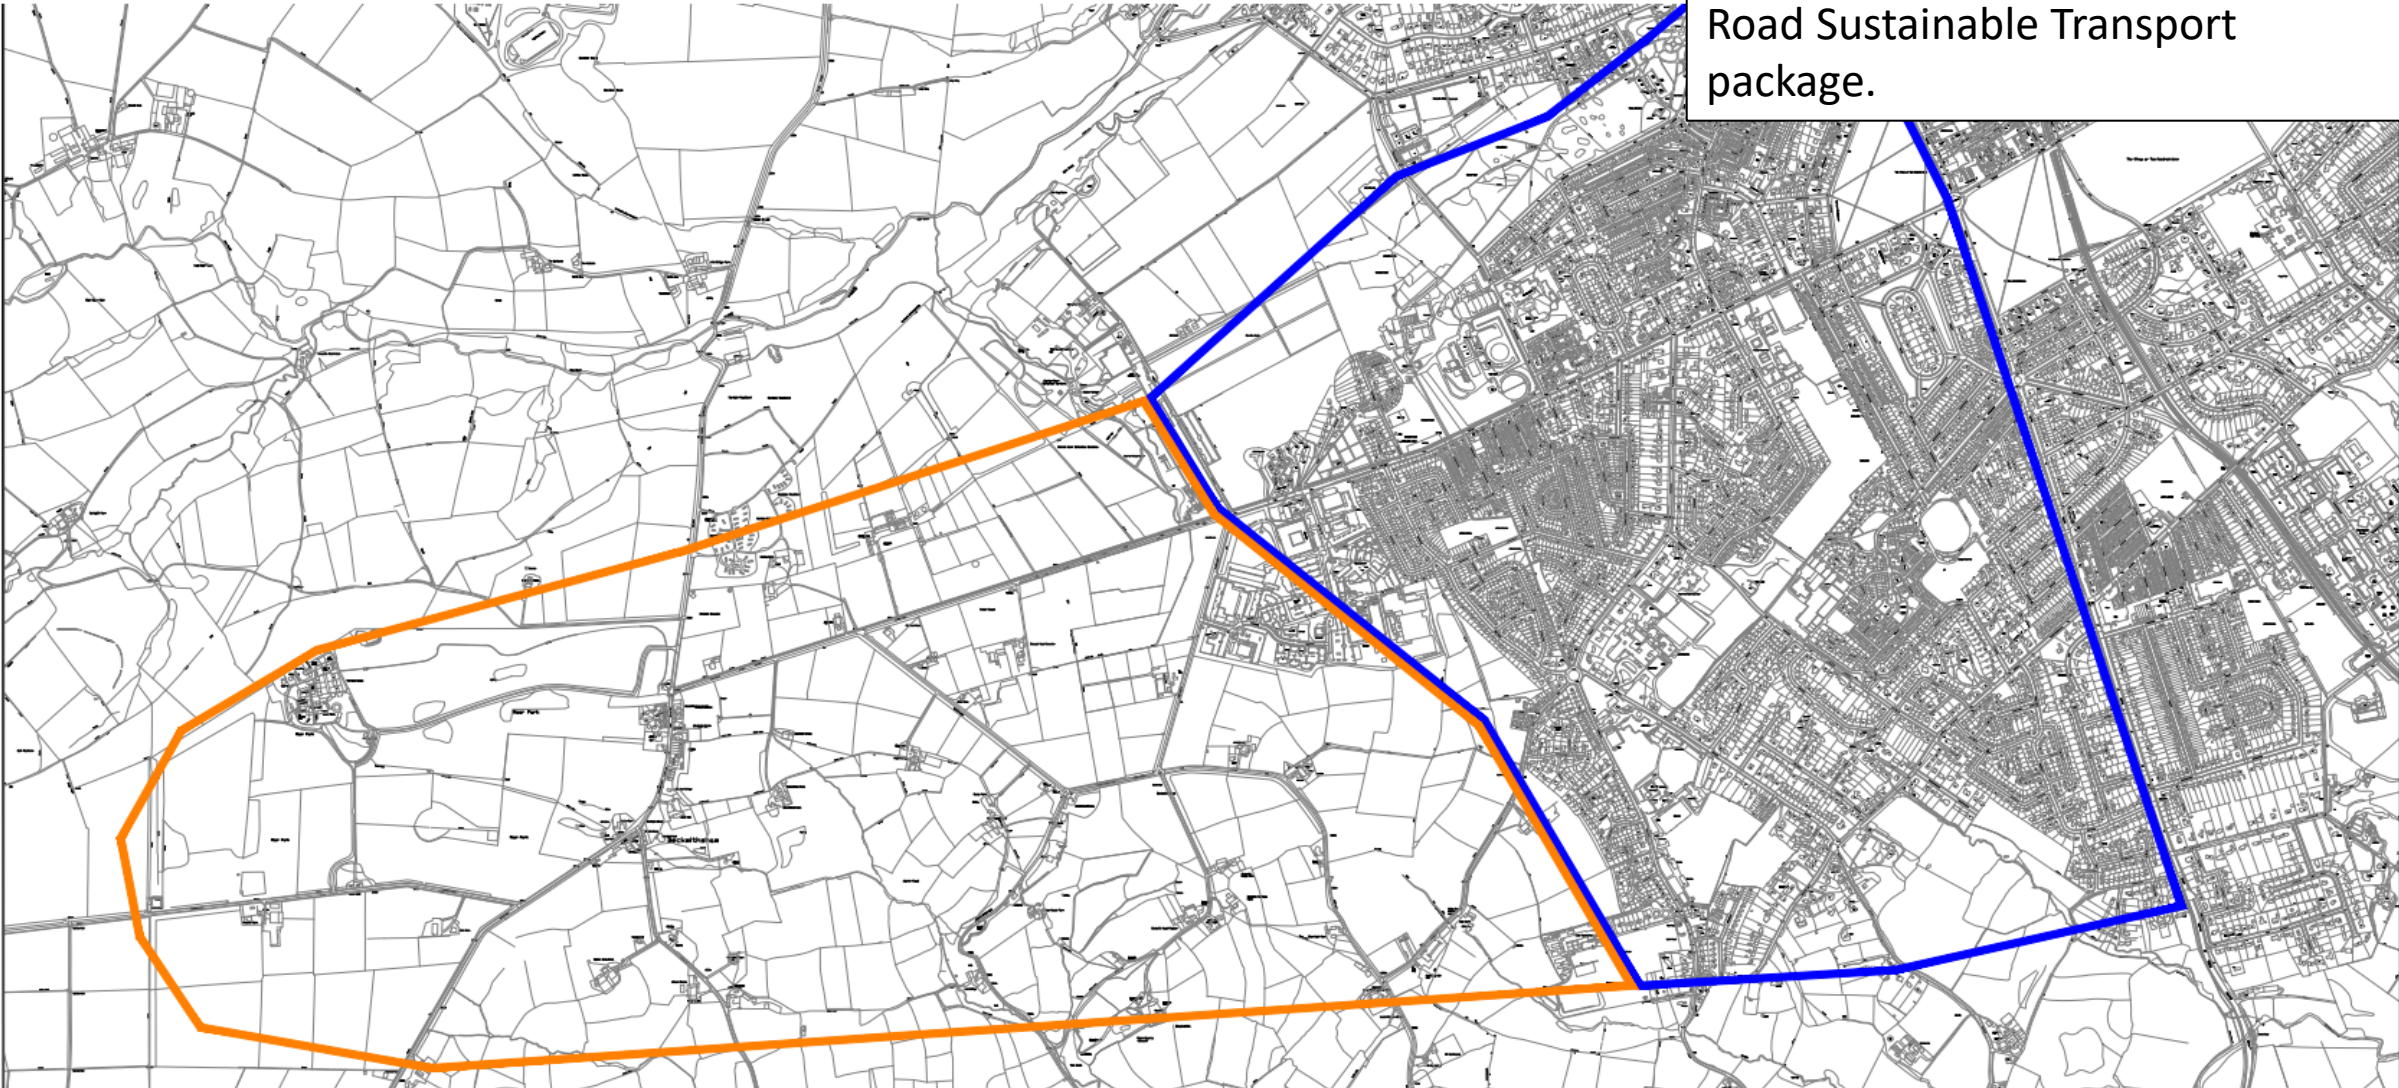

- **£565k funding from the National Productivity Investment fund (NPIF) to spend in the vicinity of the Otley road corridor to reduce congestion and enhance Active Travel opportunities.**
- **NPIF £4.6 million**
 - Package of sustainable measures to alleviate congestion, improve safety along the Otley Road corridor.
 - Consisted of rural maintenance upgrades, signal upgrades, junction widening at Harlow Moor road and introduction of phase 1 cycle route.
 - Phase 2 cycle route not to be progressed, recognised the constraints an alternative solution was to introduce the Otley road sustainable Transport package.

Otley Road cycle route
Phase 1- Delivered (remedial work taking place)
Phase 2- Not to be constructed on Otley Rd
Phase 3- TBC

Area of focus

Blue area considered for Otley Road Sustainable Transport package.

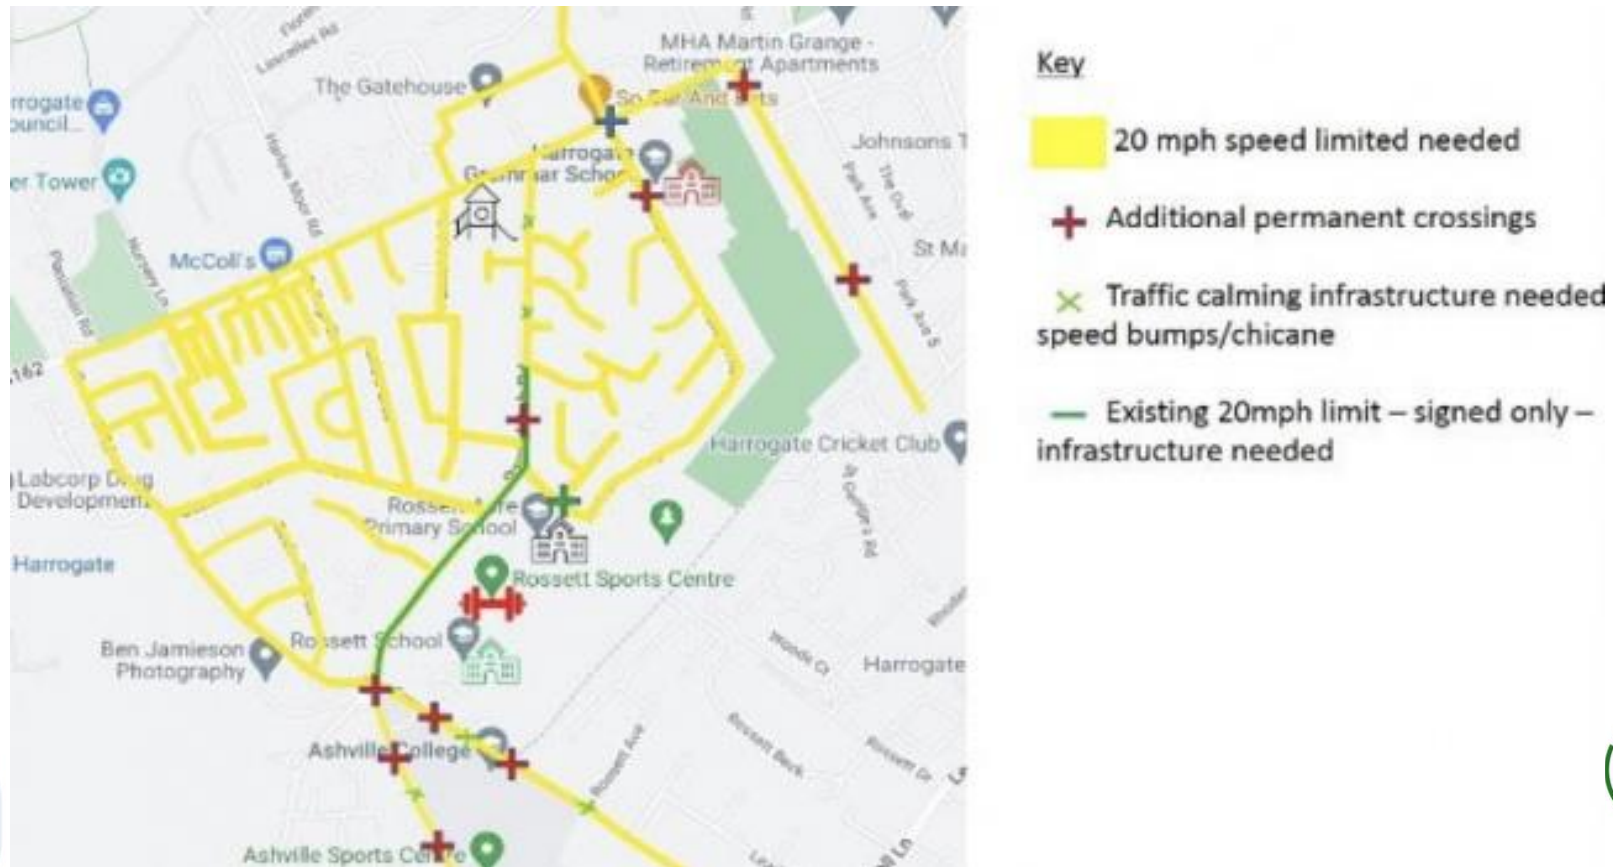

Timescales

- A proposed package of schemes to be presented to Harrogate and Knaresborough Area Constituency **July/Aug23 (since the presentation ACC date confirmed September 23)**
- Environment Services Executive members meeting **September 23**
- Design and implementation from **Autumn 23 onwards.**

Considerations to date

- **Local road safety campaign group and local meeting with schools**

- **Highway Team working group**
- **Representatives from across the highways service**
 - *Passenger transport, Highway maintenance, Signal and Traffic Engineering, Forward Planning, Road Safety, Public Right of Way and Transport and Development.*
- **Knowledge sharing**
 - *Developments, road safety matters, design considerations*

- **Historic consultation feedback**

Suggested considerations for improvement in the area included;

- Reducing speed limits- 20mph areas
- Considering LTNs
- Consider crossing points
- Consider cycling signage to recognise cycle links
- Bus Corridor improvements

What would you like to be considered?

- **£565k funding from the National Productivity Investment fund (NPIF) to spend in the vicinity of the Otley road corridor to reduce congestion and enhance Active Travel opportunities.**
